HELPFUL INFORMATION:

Individuals planning to apply for Family Child Care Home Certification are required to check with their **local planning and zoning agency** to determine if their community has specific zoning requirements for an in-home child care business.

Family Child Care Certification Regulations require providers maintain **commercial liability insurance** of at least \$50,000 per occurrence. Basic Homeowner's insurance does not meet this requirement. A provider may check with their current insurance carrier to determine if the carrier offers commercial liability insurance on an in-home child care business. Several insurance carriers offer coverage to family child care homes. If you have questions about obtaining this insurance, contact the Division of Regulated Child Care or your local Child Care Resource and Referral Agency (list provided in this packet).

THE CHILD AND ADULT CARE FOOD PROGRAM

The Child and Adult Care Food Program (CACFP) provide nutritious meals to participants enrolled in child care centers, day care homes, and adult care centers. It gives young children a chance to try many different types of foods and helps teach them how to choose foods that are good for them.

HOW DOES IT WORK?

Through the CACFP the federal government helps certain kinds of organizations and facilities pay for nutritious meals they serve to participants. The program is available to:

- * Public and private nonprofit organizations providing licensed nonresidential day care services, such as:
 - *Day care centers
 - *Centers that care for school-age children when they are not in school
 - *Day care homes (homes licensed/approved to care for up to 12 children)
 - *Institutions providing day care for handicapped children
 - *Adult care centers
- * Private for-profit centers
- * Others meeting program regulations

Child care centers, outside-school hours centers, and adult care centers can participate in the CACFP either independently or through a sponsoring organization that accepts full administrative and financial responsibility for the program. Day care homes must participate through a sponsoring organization; they cannot enter the CACFP directly.

WHO CAN BE SERVED?

The CACFP can reimburse participating facilities and organizations for meals served to children 12 years and younger. There are two exceptions: children of migrant workers can be as old as 15 years old; and people with physical or mental handicaps can be any age if they receive care at a center where most of the enrollees are 18 years old or younger. Adult day care centers are reimbursed for meals served to participants enrolled in the center for care.

ELIGIBILITY REQUIREMENTS

All institutions that receive funds through the CACFP must have a license/approval issued by the Cabinet for Families and Children. A sponsoring organization that is responsible for the administration of the CACFP funds does not have to be licensed for day care services, but the facility actually caring for children and adults must be licensed.

All non-private sponsors must have tax exempt status under the Internal Revenue Code of before they apply for participation in the CACFP. Family day care homes are not required to be tax-exempt, but their sponsors that are private organizations must be tax-exempt.

MEAL SERVICE

All institutions participating in the CACFP must serve meals that meet nutrition standards set by the U.S. Department of Agriculture. Child care centers may receive reimbursement for up to two meals and one snack OR two snacks and one meal per child per day. Adult day care centers and family day care homes may receive reimbursement for up to two meals and one snack per participant per day.

WHAT HELP IS AVAILABLE?

The CACFP provides financial assistance to child and adult care centers and sponsoring organizations of day care homes so the participants enrolled in day care can receive nutritious meals.

Program payments to child care centers, outside-school-hours care centers and adult care centers are calculated by the following equation:

$$\begin{array}{c} \text{Number of meals served to eligible participants} \\ \text{Multiplied by} \\ \text{The appropriate rates of reimbursement.} \end{array}$$

The rate for each participant depends on the size of the family and the family's income.

All meals served by day care homes under the CACFP are reimbursed at the payment rate for that type meal. Homes receive the full rate for each meal that meets program requirements. The sponsoring organization must pass the full food service payment to the day care home, unless the sponsoring organization provides part of the home's food service.

Day care home providers receive reimbursement for meals served to their own children only when (1) their household meets the family size and income standards for free and reduced-price meals and are participating in the CACFP and (2) other children who do not live in the home are enrolled and present in day care at the home and participating in the Program.

Separate administrative funds are provided to sponsoring organizations for each home they sponsor.
